

Bob and Jane Braukus Scholarship Application Form

www.am-hs.org

Applicants must...

- Be a freshman, sophomore or junior at Archbishop Murphy High School.
- Demonstrate leadership through academic achievements and involvement in campus, co-curricular and community activities
- Demonstrate high acumen in the areas of Science, Technology, Engineering and/or Math and band, orchestra or other music clubs.
- The recipient will be awarded a \$500 scholarship applied to their tuition for the following year at AMHS.

Application Deadline: May 3, 2021

To the Applicant:

1. Complete this **application form**
2. Type out your **activities and honors** (described on this form) and attach
3. A copy of your **transcript** listing all courses, test data and grades, to include in your application packet. *****The school will provide this once your application is received*****
4. Submit one **Confidential Letter of Recommendation** (from a teacher, coach, parent or a peer)
5. Send all materials electronically to Mrs. Jannusch in the Development office at djannusch@am-hs.org and be sure your name is listed on all documents.

In their spirit, we want to recognize a rising AMHS student who has a passion for community service, music, and STEM with a \$500 scholarship.

Please describe your interest, expertise, and experience in community service. (1300 character limit)

What is one song (include title and artist) that describes your high school experience so far and why? (3000 character limit)

The Braukus Story

Bob and Jane Braukus met at a Catholic Middle school in Wallace, Idaho. They lived their lives in the STEM fields as an electrical engineer and a hospital lab technician. Bob and Jane shared their time, talent, and donations with many community organizations. Their regular demonstrations of kindness, joy, love, integrity, generosity, strength, mentorship, and philosophy are sorely missed.

Susan Braukus Hempstead, Nate Hempstead ('21), and Hannah Hempstead established the Bob and Jane Braukus Endowment to continue Bob and Jane's legacy of service and commitment to Catholic education. They were involved grandparents on the AMHS campus supporting band, liturgy, assembly programming (including Veterans Day and the Christmas concert) and STEM.
